

Scout

Product Benefits:

- High yields for early/mid-winter in the desert
- A high quality and versatile product for the hearts, box or process

Product Features:

- Straight Ribs
- Thick Texture
- Light Green Color
- Strong Cupping
- Large Size

VARIETY: Scout

TYPE: Romaine

REGION: Desert

WET DATES*:

Desert: 10/15 - 11/15

Scout is a heavy, uniform, light-colored romaine for winter harvest in the desert. Through multiple large trials, it has shown superiority in yield versus the leading competition. Scout produces high yields with its uniform cupping, thick texture, and large size. Scout possesses superior traits that create a “win-win” for both growers and shippers.

* Information provided is suggested, based on trial results to date. Performance may vary under different field conditions and cultural practices. Always consult with your Pinnacle Seed representative for specific information about your particular growing situation.

Scout is the exclusive property of Pinnacle Seed, Inc. Under no circumstances shall the seed or plants grown from the seed be propagated, reproduced, multiplied or distributed without express written consent from Pinnacle Seed, Inc.

US Patent: Pending
